Photos required include, but are not limited to: aerial, swept gravel sections, adhesion testing, typical field, alternate field, parapets, penetrations, drains, HVAC equipment, HVAC risers/curbs/stands/ducts, flashing, and ALL relevant features. Failure to disclose features, issues, or concerns may result in rejection or cancellation of warranty.

LABOR AND MATERIAL PROJECT REQUIREMENTS:

- Substrate is reasonably described as having 5 or more years before requiring replacement.
- No more than 2 existing layered roofs
- No trapped moisture (over 5%)
- Fewer than 20% of seams are failing
- Less than 10% of total roof has ponding areas
- Less than 20% of total roof has existing repairs
- No soft or squishy spots
- Original workmanship appears to be competent
 - No makeshift terminations, Z-bars, etc
 - Corners, seams, etc appear to follow proper industry practices

If current conditions require mitigation to meet the requirement standards, provisional approval may be given. Repairs must be inspected. Provisional approval is not a guarantee of final approval. All conditions requiring remediation must be listed here, along with a brief explanation of the remediation plan.

I confirm that I have personally inspected the project roof and found it to meet all requirements stated above.

CERTIFICATIONS, UNDERSTANDINGS, AND AGREEMENTS:

I certify that the conditions prior to application can be made to be clean, dry, and sound. I have made this determination using appropriate tools, equipment, and techniques including but not limited to: Core sampling, moisture scanning, adhesion testing, seam inspection, and visual inspection.

Initials

I certify that I have a working knowledge of industry standards and best practices sufficient to make this determination.

Initials

I understand that Castagra has no ownership of existing substrates, assemblies, and systems even if I deem them to be in sound condition.

Initials

I understand that Castagra is in no way responsible for poorly constructed, deteriorated, or otherwise failing substrates, assemblies, or systems, or for improperly applied products.

Initials

I understand that advice, suggestions, recommendations, and all other assistance provided by Castagra is done so in the interest of ensuring a successful project. It does not constitute engineering, consulting, or design. As the Castagra Licensed Company, it is my responsibility to weigh all options and determine the best course of action.

TERMS AND CONDITIONS FOR LABOR AND MATERIAL PRE-APPROVAL APPLICATION

- (A.) Notification of contract award from the roofing contractor must be received at least fourteen (14) days prior to the start of application of roofing products for all Labor and Material projects.
- (B.) Receipt and acknowledgment of this notice does not obligate Castagra to issue warranty. All conditions of the Castagra warranty program for the completed roofing system must be strictly complied with. Contractor acknowledges that receipt of this warranty application does not guarantee the issuance of warranty. Additional documentation, photos, samples, etc may be required before final approval is considered.
- (C.) Acceptance of this warranty application shall in no way diminish any responsibility of the roofing contractor.
- (D.) Contractor agrees to give Castagra notice of exact dates when work begins and is completed.
- (E.) Contractor agrees that they have read and understood all provisions of selected warranty, including but not limited to provisions describing contractor liability and responsibility.
- (F.) Castagra assumes no responsibility for specification, construction or design of the building including the roof system, except as stated in the roofing warranty.
- (G.) This application must be authorized and signed by an officer or owner of the contracting company.
- (H.) Contractor agrees to install the Castagra roofing system in accordance with the above provided Castagra system and in compliance with published Castagra requirements.

The undersigned roofing contractor requests approval to install the Castagra system, in accordance with the Castagra specifications and agrees to be bound by all terms and conditions set forth in this application. The undersigned contractor agrees at his expense to provide labor to remedy all water intrusion/leaks and/or correct any non-conforming condition resulting from deficient workmanship and to meet the installation requirements of Castagra. Castagra reserves its right to not issue the requested warranty unless: 1) this application is received in advance of the start of work, 2) all project and product-related information related to the project is compliant to that submitted for approval, 3) required dry film coating samples comply with submitted or otherwise deemed acceptable to Castagra.
